

Badar Abbas

AI-Powered Full-Stack Developer | Frontend, Backend, and DevOps Expert

+92 319-4821372 | raibadar37218@gmail.com | Faisalabad, Punjab

PROFESSIONAL SUMMARY

Dynamic Full-Stack AI Developer and DevOps Specialist at Alpha AI, specializing in agentic AI solutions that empower businesses with intelligent, self-directed technology. With comprehensive skills in both frontend and backend development, I build AI-driven applications that adapt, learn, and respond autonomously to enhance user experience and streamline complex workflows. Our team at Alpha AI is dedicated to helping clients unlock the full potential of agentic AI, delivering customized solutions that drive innovation, efficiency, and measurable results. Let's create intelligent, future-ready applications that work seamlessly for your business.

WORK EXPERIENCE

Code Alpha

Jan 2024 - March 2024

FrontEnd Developer

- **Responsive Design Expertise:** Proficient in creating responsive, mobile-friendly designs that enhance user experience across all devices.
- **Modern Frontend Frameworks:** Skilled in React, Next.js, and TypeScript for building interactive, scalable, and maintainable user interfaces.
- **Integration of AI Elements:** Capable of embedding AI-powered features, like conversational interfaces and recommendation engines, for enhanced interactivity.
- **Version Control:** Proficient in Git for collaboration, version tracking, and efficient code management

Alpha Ai

May 2024 – Present

Backend Development

- **API Development and Integration:** Skilled in building RESTful and GraphQL APIs, ensuring secure and efficient communication between services.
- **Database Management:** Experienced with PostgreSQL and MongoDB for designing, optimizing, and managing scalable databases.
- **Authentication and Authorization:** Implements robust authentication and role-based access control for secure, user-friendly applications.
- **Containerization and Deployment:** Uses Docker and Kubernetes for efficient deployment, ensuring consistency across development and production environments.
